Projects awarded funding 2024-25

Round 1: 3 projects: awarded £1,269

Round 2: 3 projects: awarded £2,035.55

Whole year CCF 2024-25: Total awarded £3,304.55

1 Harkstead Parish Council

Awarded £275

Harkstead Foreshore Information Board

The production and installation of an information board, located at the main point of access onto the heavily visited Harkstead foreshore on the Stour Estuary.

2 National Trust - Dunwich Heath and Beach Awarded

Awarded £294

Dunwich Heath Bat Detection

New Magenta Bat5 digital bat detectors will support our bat surveys and enable us to share the work we do to protect these elusive creatures at public bat walks.

3 Woolverstone Parish Council

Awarded £700

Horsepond Green, Wolverstone

To develop the area around the pond in the village, Horsepond Green to create a flora and fauna rich wildlife habitat.

4 Blyth Woods TBC

Requested £693.55

Church Field, Wenhaston

The aim is to turn a small arable field into a space for wildlife and people by turning site into a small woodland with wild flower meadow, scattered orchard, ponds and a tree nursery.

5 Westleton Common Advisory Group on behalf of Westleton Parish Council

Awarded £700

Restoration of sand martin cliff and exposure of geology on Westleton Common

Clearing gorse and other vegetation from a sandy cliff that has, historically, hosted sand martin colonies. This will allow sand martins to return and will expose underlying geology considered important by GeoSuffolk

6 Brooklands Primary School TBC

Requested £642

Beach School

We currently run Beach School sessions for our youngest children. We wish to build on this success and extend this offer to our eldest children (Year 6).
