

Galopper Wind Farm Fund 2025-26 projects awarded funding

6 projects were awarded £13,952

1 Richard Allenby-Pratt

Awarded £1,557.41

The Suffolk coastal habitat walks

A program of 5 x 2-hour photo-walks, for up to 12 people, each focusing on one of the unique habitats of the Suffolk Coast and Heaths National Landscape.

2 Leiston Book Festival CIC

Awarded £1,500

Leiston Book Festival

This grant supports the 2025 Leiston Book Festival. This year's festival will focus on authors who have written books about our evolving landscape and environment.

3 Snap Skool - Sadie Windscheffel-Clarke

Awarded £ 2,200

Seeing the Light

Supporting a project to engage children in a hands-on way, encouraging them to explore the environment around them and make connections between the natural world, renewable energy, and how we harness and use that energy. Just like photography relies on light to develop, light plays a crucial role in the growth and nourishment of life, education, and understanding. The project aims to highlight these interconnections in a meaningful and practical way.

4 Creative Curve

Awarded £ 2,442.59

Signs of nature

Bringing a local artist and community together to design tiles for signage that supports and protects 'The Fens Common' (SSSI/NL) developed from a successful initial project 2022 -23.

5 Leiston-cum-Sizewell Town Council

Awarded £ 3,225

Valley Road Allotment Nature Space

A community project that will provide solutions to managing surface floodwater by creating a new community greenspace brimming with biodiversity, adding a stepped footpath, small carpark, recycling floodwater for the allotments.

6 Leiston Works Railway Trust

Awarded £3,000

Installing a platform lift for disabled people to reach train platform

To support a platform lift for disabled people as part of the project to reconstruct the historic Garrets works railway line with the aim to run a steam locomotive and carriages in Leiston from the Longshop museum to Buller Road with a platform for people to alight the train.
